Dear Mr. Lee:

RE: Vendor Software Accreditation Confirmation

We are pleased to inform you that the batch file created by your software for Ground Patient Care Report (PCR) batch submission is successfully tested against AAIMS Release 2.0.

This letter is the confirmation that provided test file met the accreditation requirements and the software is ready to be used by potential Ground Ambulance Operators or Third Party Data Submitters for the PCR batch data submission.

Please call 780-422-1712 with any concerns and/or questions related to the accreditation.

Thank you.

Yours truly,
